*Correction of iVotronic Ballot Error for May 22, 2018 Preferential Primary/Nonpartisan Election*

A.C.A § 7-5-209 Ballots—Correction of errors states “Whenever it shall appear by affidavit that error or omission has occurred in the publication of the names of description of candidates nominated for office or in the preparation of ballots, the county board of election commissioners in a public meeting announce the error or omission and immediately correct the error or omission or show cause why the correction should not be done.”

An error was brought to the attention of Director Poe regarding the electronic ballot display of John Thurston, Commissioner of State Lands by Daniel Shults, attorney for the State Board of Election Commissioners. Upon further research it was determined there was an error also with State Supreme Court Justice Courtney Goodson. Steps were taken by staff members of Pulaski County Election Commission to correct the matter.

Director Poe contacted Linda Napper of the Courtney Goodson campaign to offer his apologies for the error and to assure them that steps were being taken to correct the errors. He also attempted to reach out to Mr. Thurston. Commissioner Davis was able to contact Mr. Thurston and let him know the plans to correct the error.

Director Poe offered his sincerest apology for the error and has implemented new procedures to make sure that this error will not happen again.
