Preliminary Review of Provisional Ballots for May 21, 2019 Jacksonville North Pulaski School Election

There are five early voting and election day provisional ballots. After a data search by the County Clerk's Office it was determined that one of the ballots will be counted, the other four will not be counted. The four that were not counted either failed to transfer their registration, were registered in another county or registered after the deadline. Commissioner Price moved to approve the early voting and election day provisional ballots; seconded by Commissioner Gomez. Motion passed by voice vote.

There are 11 absentee provisional ballots, of which three will be counted. The others will not be counted because the voter failed to sign the optional verification of ID. Commissioner Gomez moved to approve the absentee provisional ballots; seconded by Commissioner Price. Motion passed by voice vote.

There are five absentee ballots that were disqualified and will not be counted. Four are due to the voter not submitting the voter statement; one is because the voter listed the current date as their date of birth on the absentee application. Commissioner Price moved to approve the disqualified absentee ballots; seconded by Commissioner Gomez. Motion passed by voice vote.
